THE OKAVANGO DELTA

Moremi Crossings

As you fly from the Central Kalahari over the Okavango Delta you can see the intricate twisting and turning of the waterways and the everchanging colours where dry land meets Delta.

Located near the most southern part of Chief's Island, Moremi Crossing is situated on a small palm fringed and treed island called Ntswi which is surrounded by the Moremi's game-rich seasonal floodplains.

THE AREA

Since this area normally receives floods last it contains some of the closest dry season watering points for the game that spreads out towards Nxai and Makgadikgadi Pans during the rains. Around this, there is a high density of game in the dry season but since quite a lot of the reserve is mopane woodlands (a favourite location for animals during the rains and early dry season) good game viewing is expected all year round.

This river system attracts a wide variety of game. Familiar favourites include Elephant, Buffalo, Giraffe, Kudu, Impala, Tsessebe, Hippo, Crocodile, Genet, Honey Badger and a host of Plains Game. Rare Antelope breeds including Roan, Sable & Eland, not normally seen in the Okavango region, occur here. As the Gomoti is the main water source in the area, Lion, Leopard, Cheetah and Wild Dog come down to the riverside to drink and hunt, of course!

The locations and views are spectacular with the classic flooding of the Okavango across the adjacent seasonal floodplains. For those keen on birdwatching, the combination of the wetlands and the drier Acacia and Mopane veldt provide a perfect habitat for a variety of aquatic species including Open Billed Storks, Hammerkops, Egrets, Ibis and forest/savannah dwellers including Raptors, Shrikes, Drongos, Sunbirds, Ground Hornbills and so on.

ABOUT MOREMI CROSSINGS

In contrast to the northern Okavango Delta where the waters are fast-flowing and the channels and view is enclosed by high reeds and papyrus, the channels around Moremi Crossing offer far reaching vistas of the Moremi's floodplain, grasslands and marginal woodlands interspersed with Mokolwane palm islands.

The central dining area houses a large open plan deck that has spectacular views over the Boro River onto Chief's Island. This half-moon shaped area is built on different levels to give a spacious feel. The dining room, bar and lounge is covered by a large, thatched roof that hugs the ancient riverine tree line. The whole camp is shaded by magnificent Llala Palms, Giant Ebony, Mangosteen, Sausage and Giant Fig trees.

ACCOMMODATION

Accommodation consists of 16 en-suite and spacious tents on raised decks, each with their own veranda overlooking Chief's Island. Tents have their own eco-friendly outdoor shower heated by solar power. We have both a Family Tent sleeping four (2 adults and 2 children) and a Honeymoon Tent with an outdoor bath.

ACTIVITIES

Morning and evening game drives with our qualified guides are an opportunity to view the 'big game' and night life that this breath-taking environment can offer. As Pom Pom is in a private concession we have the opportunity to drive off road in search of sightings and also it means we are able to drive at night with spotlights.

Game drives are operated with both a guide and tracker. This adds to your experience with two sets of eyes searching for wildlife, ensuring a much better chance of sightings. Having a tracker also gives the guide more ability to talk to guests and answer any questions on the area or animals.

A mokoro trip is a fantastic way to enjoy the sights and sounds of the Okavango's waterways and wildlife. Although seasonal, boating and fishing are possible at Pom Pom and our guides will be happy to take you to their secret spots to try for African pike and a variety of bream species. Mokoros, boat cruises & fishing are water level dependent.

ACTIVITIES

We are happy to be able to offer, at an additional cost, a guaranteed heli/mokoro excursion from Pom Pom Camp. This epic adventure combines the thrill of a spectacular helicopter ride above the wilds of the Okavango with the serenity of the Delta's most iconic activity, a mokoro safari.

Departing at dawn, the trusty pilot from Helicopter Horizons will whisk you across the waking animal world of Botswana's UNESCO World Heritage Site. After a fifteen-minute flight, the chopper lands on the southern fringes of the wetland. Out here, there's always water and coming down from sky-high beginnings, you'll then experience the Okavango Delta in detail accompanied by a poler in Daonara. But first, coffee! Tucked under the pilot seat, a secret flask of coffee reveals itself. Your Motswana poler will glide the craft gently past waterlily pads, upon which African Jacanas lightly tread. They expertly (and safely) skirt the distant hippo pods, spot Openbill Storks strutting their stuff and if you're lucky, perhaps even seek out an elephant crunching on the river reeds. Two blissful hours are over in a flash and before you know it, you're heading back to the helicopter.
